

## Fast Charging Lightweight Portable Power Station

In an effort to provide you a better understanding of high quality fast charging lightweight portable power station, the following is an introduction to them. We warmly invite both current and potential customers to work with us in the future to build a better world!

## Fast Charging Lightweight Portable Power Station

Ningbo Taurus Industry Co., Ltd. has years of experience manufacturing fast charging lightweight portable power station and can provide a variety of these units. If you need our online prompt service about fast charging lightweight portable power station, please do so. High quality fast charging lightweight portable power station can fulfill many uses. You can also create your own unique quick charging lightweight portable power station according to your particular demands, in addition to the products listed below. 700W Portable Power Station with Pure Sine Wave Output DC to AC and Car-Grade LiFePO4 Battery. Whether you need emergency power during a blackout, are off-the-grid, or are traveling, offer a dependable green energy solution.

### Product Parameter (Specification)

Model	MT-CN700	
Built-in Battery	537.6Wh LiFePo4	
Charging Power	Solar	120W
	AC	90W
	Car Charging	12V/10A

Ningbo Taurus Industry Co., Ltd.

Tel: +86-13705846625

Continuous power	700W	
Surge Power	1400W	
Output ports	AC/DC/USB	3*AC 2*Fast Charging 2*PD 60W 1*Car Cigarette Lighter 12V 2*DC 12V
Material For Casing	ABS + PC	
N.W.	6.62Kg	
Dimension L*W*H(mm)	260*233*166	
Socket	US,JP,EU,UK,Universal socket	
Customized	OEM/ODM	

## Product Feature And Application

You can buy a fast charging lightweight portable power station from our factory with confidence knowing that we'll provide you with the greatest after-sale support and prompt delivery. Accessories that are universal include a car charging cord, solar chargers, and adapters.

Emergency Solar Generator Output Portable Power Station 700W LiFePO4 Battery  
 Portable Pure Sine Wave Power 110V/220V

**【Rainproof construction】** Because the CN700/CN1200 models have a rainproof direct access design, you have plenty of time to pack up your belongings when it rains.

**【Built-in physical defense】** Dust-proof, moisture-proof, and anti-corrosion PCBA board paint protection. Although the majority of portable power stations have holes for fan cooling, it is also simple for dust to enter after and through the humid air, which can easily lead to conductive conditions. Power plants are excellent at preventing this issue.
